From our dispatches it is a plain thing that a determined effort will be made to commit the St. Louis convention to free coinage. There are very good reasons for thinking that this course would not be advisable at present. There is a large class of people in the Eastern States who have no intelligent opinion on the subject, and who would be likely to take alarm at such a radical change, but who, at the same time, would not pay much attention to an increase of \$2,000,000 in the purchase of silver. We of the silver producing regions want free coinage, but in our desire to attain this end we must not overlook the fact that there is in the Eastern States still a large and powerful party that is opposed to silver in any form, and still another portion of the people who, while in favor of an increase in the purchase of silver, would oppose free coinage, for fear it would precipitate some disaster on the country, although they do not know what. In the pursuit of our desire we should take all these things into consideration, and when it is shown that the circulation of \$4,000,000 a month, whether in coin or certificates, is beneficial, instead of bringing disaster, then the silver men can make a move for free coinage with much better chances of success.

All trouble about the Nicaragua canal between the governments of Costa Rica and Nicaragua have been amicably settled, and the construction of this world-important work is under full headway. Aside from being of great benefit to the commerce of the world, it is a great strategic move on the part of the United States. In case of war with a foreign nation our government will have under control a route by which men-of-war could be quickly transferred to and from its Atlantic and Pacific shores. This, added to our transcontinental railways, practically makes the United States invulnerable.

The Engineering and Mining Journal, which publication is well posted on all matters that pertain to the silver industry, and all forms of mining, says that "the Secretary of the Treasury is credited with the intention of proposing in his forthcoming report to increase the purchases of silver bullion, and issue certificates for the bullion in bars instead of in coin as at present. This plan has certain manifest advantages, for it saves the expense of coining, would increase the market for the metal, and would afford a substantial security for the currency, which those who complain of government paper 'promises to pay' have urged against greenbacks."

Maison Dore.
This old time and popular restaurant still maintains its position as a favorite place for our citizens to regale themselves on all the table delicacies, which are prepared in a toothsome manner and served by polite and attentive waiters. This restaurant makes a specialty of broiled steaks and cutlets, and imports coffee of extra quality, thus being able to furnish the best cup of coffee obtainable in the city. Fresh fish every day, and an elegant chicken dinner every Sunday.

In a recent article in the Youth's Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of persons of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs, liquefies the tough, tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. Fifty cent bottles for sale by H. J. Peto.

ADVICE TO MOTHERS.
Mrs. Winslow's Soothing Syrup, for children's teething, is the prescription of one of the best female nurses and physicians in the United States and has been used for over forty years with never failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child of pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it gives rest to the mother. Price 25 cents a bottle. Jan 26-17

Application No. 523 for a Patent on the Longfellow Mining Claim.

UNITED STATES LAND OFFICE.
TUCSON, ARIZONA, September 20, 1889.
Notice hereby given that in pursuance of chapter 22, title thirty-two, of the Revised Statutes of the United States, W. P. Book, whose postoffice address is Tombstone, Cochise county, Arizona, claiming the Longfellow mine, of vein of mineral, bearing gold or silver or other metal, lying and being situated within the Tombstone Mining District, county of Cochise and Territory of Arizona, is about to make application to the United States for a patent to the said Longfellow mine, which is more fully described as to metes and bounds by the official plat and field notes of the survey thereof, now on file in the office of the Register of the U. S. Land Office at Tucson, Arizona, which field notes of survey describe the boundaries and extent of said claim on the surface with magnetic variation at 11° 45' east, as follows, to-wit:

Commencing at the initial monument, near the center of claim, a 424 inch post marked L M Longfellow M. C. No. 1, from which U. S. M. No. 2 bears N 41° 21' E 2009 ft distant; thence N 79° 16' E 455 ft to a 4 inch post marked L M C No. 2; thence S 72° 25' E 293 ft to a 4 inch post marked L M C No. 3; thence N 83° 13' W 566 ft to a 4 inch post marked L M C No. 4; thence N 45° 50' W 232 ft to a 4 inch post marked L M C No. 5; thence N 75° 40' E 865 ft to a 4 inch post marked L M C No. 6; thence S 61° 30' E 261 ft to a 4 inch post marked L M C No. 7; and place of beginning survey of exterior lines.

Containing 970 acres.
The said mining claim being of record in the office of the recorder of Cochise county, Arizona Territory, at Tombstone, in the county and Territory aforesaid, and presumed general course or direction of the said Longfellow vein, lode or mineral deposit, being shown upon the plat and posted herewith, as near as can be determined from present developments. This claim is for eight hundred and sixty-five linear feet thereof, together with surface ground shown upon the official plat posted herewith, the said vein, lode or mineral premises hereby sought to be patented being bounded as follows, to-wit: Upon the south by the Knoxville M. C., lot No. 122, and upon the northwest by the Lucknow M. C. No. 46, the said claim being designated as Lot No. 226 in the official plat posted herewith. And any and all persons claiming adversely the mining ground, vein, lode, premises or any portion thereof, so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed according to law and the regulations thereunder, within the time prescribed by law, with the Register of the U. S. Land Office at Tucson, Arizona, they will be barred in virtue of the provisions of said Statute.

And it is hereby ordered that this notice be published for ten (10) consecutive weeks in the Tombstone DAILY EPITAPH, a newspaper published at Tombstone, Cochise county, Territory of Arizona.

Dated this 20th day of September, 1889.

TEN MILLION Dollars of Boston Wealth Goes Up in Flame.

CYCLONE DOES GREAT DAMAGE

Bungled Hang.

SPECIAL TO THE DAILY EPITAPH.

A Ten Million Dollar Fire.

Boston, Nov. 29.—A fire occurred here yesterday resulting in the destruction of about ten million dollars worth of property. The fire started in the six story granite building at Bedford and Washington streets, owned by Jordan, Marsh & Co., and occupied by Brown, Parrell & Co., dry goods merchants. The conflagration raged for six hours and burned over two acres of territory covered by magnificent structures. The flames soon spread to the shoe and leather exchange building and then swept across Bedford street to the opposite corner.

thence across Kingston street, along Bedford to Chauncey street. The flames jumped across Kingston street to the big sandstone building owned by T. Laves, and occupied by Taylor Bros., and this was consumed. The great granite building known as Nevins' Block was next food for the flames; crossing Chauncey street the fire moved towards the immense Alan Larabee building, at which point its further progress was checked. Two more firemen are missing and they are believed to be in the ruins of Brown & Burrells buildings. The large bankers look for no bad financial effect from the recent fire. Most of the insurance losses are by English companies as in the case of the Lynn fire. Losses are comparatively small in home offices and well distributed. Individual losers as a rule are abundantly able to stand losses. Jno. G. Page's agency estimate the loss by yesterday's fire at \$10,000,000. The aggregate loss of the fire insurance companies, as reported by agencies, show a total of over three and a half million dollars. Underwriters on the street estimate the total property loss between four and five million dollars.

Disastrous Cyclone.

CHARLOTTE, N. C., Nov. 29.—A cyclone passed over Bedford county yesterday. Houses were blown down, and trees uprooted. The residence of a farmer was blown to atoms and the entire family—father, mother and four children—killed instantly. A factory near Washington was blown down and several killed, and a dozen others seriously injured. Mattie Cheve, the pretty daughter of a farmer, was caught up and carried away bodily and has not yet been found. Reports very meagre. Impossible to obtain the names of all killed.

Stage Robbers.

REDING, Cal., Nov. 29.—The Redding and Weaver stage was robbed five miles from here last night by a robber armed with a shotgun and pistol, compelling the driver to throw out Wells, Fargo & Co's. treasure box and mail pouches. There was but little money in the express box, but the robber secured considerable registered mail.

Four Children Blown to Pieces.

ELIZABETHTOWN, Va., Nov. 29.—Four little girls, children of Chas. Dunn, found a keg of powder yesterday and in some way set it off. All four were blown to pieces. Their mother has gone crazy.

Taking a Vote for Speaker.
WASHINGTON, Nov. 29.—At a meeting of the Pennsylvania Republican delegation, this afternoon, a vote was taken for Speaker. Reed received 14, and McKinley 5.

Burned to Death.

KENYON, N. J., Nov. 29.—A fire this morning destroyed five buildings. Loss, \$60,000. Jacob Legreer was burned to death and his wife and son so badly burned that they may die.

Hanged.

GUELPH, Ont., Nov. 29.—W. H. Harvey, who murdered his wife and two daughters, was hanged this morning. The execution was one of the worst pieces of bungling ever witnessed. The drop was not long enough to break the condemned man's neck and his struggles and contortions were fearful. The knot slipped and the gurgling in the man's throat could be heard outside the jail walls.

Gets Killed With His Own Trick.

LYNN, Mass., Nov. 29.—William F. Sartelle, performer in a dime museum, last night was performing a trick with his rifle which he apparently loads with lead bullets and requests some one to shoot at him, appearing to catch the bullet in his mouth. He failed to substitute the pasteboard bullet and Wm. Flannigan, who fired the gun, shot Sartelle dead.

Lynchers Arrested.

WHITEHALL, Wis., Nov. 29.—Eighteen men and boys connected with the Olsson lynching have been arrested on a charge of riot. Six have left the State and six others are thought to be arrested to-day. Many of the best families in the town of Preston are implicated. Four boys in jail here have made a confession implicating all the accused of the hanging, making public the names of all connected with the affair.
